ADMISSION REQUIREMENTS

Undergraduate Courses

Transient students must file with the Director of Admissions written permission of their Dean to take courses at Loyola along with a written statement certifying the student is in good standing. Use the official form contained in this brochure. Freshmen entering Loyola University in September must present a copy of their acceptance letter in order to be able to register.

Loyola students may simply register after conferring with their advisor.

Graduate Courses

Students entering the Graduate School must file credentials one month in advance with the Chairman of the Graduate Council. The application must be accompanied by an official transcript of all undergraduate and graduate work completed up to the present time.

GENERAL INFORMATION

Students will be admitted to class only on presentation of a card provided by the Registrar and stamped by the Finance Office.

A student may earn only as many semester hours as there are weeks in the session.

All classes are held daily, Monday through Friday. These classes must be attended punctually. Credit will be seriously endangered if more than three absences are incurred in a class.

The subject change fee will be charged for each schedule change after the student's registration forms have been received by the Registrar's Office.

Each course announced in this bulletin will be offered provided the required minimum number of ten students registers for the course. The University reserves the right to cancel any course for which there are not sufficient registrants.

All students attending the Summer Session are bound by the general regulations and requirements contained in the University Bulletin.

The campus is located across St. Charles Avenue from beautiful Audubon Park, a short trolley ride from the heart of the city. New buildings include a 400-student men's residence hall, a 429 women's residence hall and the $1,475,000 Danna Student Center.

Among the summer attractions of New Orleans are its noted food, many museums and historic buildings, art galleries and outdoor art shows, nearby plantation homes, Summer Pops concerts, Lake Pontchartrain for swimming and sailing, and other summer time sports.
